RE: Mollie Bair – new PA- Clark County Region

Springfield: Mollie Bair has been named Program Administrator for CRSI’s Clark-Butler County regional offices which serve Clark, Butler, Clinton, Greene, Montgomery, Hamilton, Preble and Warren Counties, according to COO Mark Schlater. As program administrator, she is responsible for all CRSI services in these counties and will work closely with each county board. Her duties also include staffing at all locations and ensuring the quality of services to individuals served by CRSI.

Bair comes to CRSI from American Nursing Care in Centerville and has previously worked with the Clark County Board of MR/DD. She has experience supervising and training direct care employees and has previously maintained excellent ratings with Medicare, Medicaid and other licensure programs. She received her BA Degree in Business Administration from Franklin University and lives in Springfield with her husband and two sons, ages three and five.

“It’s exciting to be back in the Clark County area with the opportunity to work with my previous co-workers at the Clark County Board. I am happy to be with a company (CRSI) that meets and exceeds the standards needed to offer quality care and services,” says Bair. “Being with consumers is a passion of mine; helping them lead quality lives and make individual choices is so rewarding. At the end of the day I feel I’ve made a difference.”

The Clark County regional office is located at 1711 West Main Street in Springfield and the Butler County regional office is located at 5 South Canal Street in Middletown. For information about employment or services call 937-324-3113 (Springfield) or 513-422-1305 (Middletown) or visit the CRSI website at www.crsi-oh.com.
