34 years ago,
Bill Butler had a vision when he realized that people with disabilities couldn't have some of their basic needs met through regular funding sources. In 1982 he pioneered the BBCO so that proceeds from this annual tournament could assist these individuals.

Well over a half million dollars has been raised over the years, and this tournament continues to benefit individuals with disabilities; thanks to all of you golfers, volunteers and supporters.

Thank you!

In 2012, Wendell Hill (3rd from left) of Urbana had a balance due of \$12.00 when he took delivery of his brand new, 2012 GMC Terrain, after scoring his hole-in-one on #12.

In 2015, Austin Woodruff (right) got a hole-in-one! He is pictured here with Roger Tehan, President of Trenor Motors, Inc.

This year it could be you!
